

West Coast University Nursing Partner Scholarship

ONLINE RN TO BSN

Program Requirements

RN to BSN

Tailored for the working RN, this program enhances leadership and management skills and can be completed in as little as 12 months. Courses are delivered 100% online with access to on-campus student services including career services and in Southern California, advanced Simulation Centers. This streamlined curriculum allows for up to 84 transferable credit hours.

RN to BSN Requirements

1. Provide proof of current unobstructed professional licensure as a Registered Nurse (RN) in the United States.
2. Official transcripts from a Board of Nursing licensed Associate Degree or Diploma in Nursing program;
 - a) Official transcripts must be submitted to document program completion. The RN to BSN program gives students the opportunity to transfer up to 84 semester credits. Students enrolled in the RN to BSN program are exempt from specific general education requirements. There is no science recency requirement for RN-BSN students.

Transfer Credits

Nursing applicants requesting transfer credit evaluation must provide official transcripts no later than the first day of the first semester in which the student commences their education at West Coast University. College-level coursework will be considered and evaluated for transfer credit, and all college-level coursework must have been taken at an institution accredited by an agency recognized by the United States Department of Education. The RN to BSN program will award 42 transfer credits for an unobstructed current RN license issued in the United States. For students who are not eligible to transfer all of the 84 credits needed for completion of the program, students may receive credit for prior learning assessed by registering for and completing the Prior Learning Assessment course (PLA 400).
